Mr.

SUBJECT : OC Equipment Board

1. Jack has advised me that among my duties as DD/CO will be the chairmanship of the OC Equipment Board. I have reviewed our file on this Board and believe I have a good feel for how it has operated in the past. However, it may be timely to discuss whether changes are needed in the mission, composition and operating procedures for the Board in light of our experience and our recent reorganization.

2. I would appreciate meeting with you in my office at 1300 hours on Thursday 26 July to hear your views on this subject. Please let Jan know if this time is convenient.
